February 23, 2023

Hydrafacial and the Syndeo™ Delivery System Recognized as Aesthetician's Favorite Signature Treatment and Hydrodermabrasion Machine in DERMASCOPE Magazine

Long Beach, Calif., February 23, 2023 – The Beauty Health Company's (NASDAQ: SKIN) flagship brand Hydrafacial is the recipient of two 2023 Aesthetician's Choice Awards (ACAs) from DERMASCOPE Magazine, a leading resource for skincare professionals:

- Favorite Signature Treatment: Hydrafacial
- Hydrodermabrasion Machine: Hydrafacial Syndeo™ Delivery System

"It is an honor for Hydrafacial to be voted as the favorite treatment and device of aestheticians and the greatest validation that we are in a league of our own," said BeautyHealth President and Chief Executive Officer Andrew Stanleick. "We recognize the power of the aesthetician: the intimate and trusted connection they have with their clients and their ability to build confidence with every treatment. It is why we invest so heavily in our provider community, through robust training, high touch resources and impactful events. Thank you, Hydrafacial Nation, for showing your love with this award. You continue to inspire us."

The ninth annual awards were decided by the vote of more than 60,000 aestheticians and fans across the U.S.

Syndeo is Hydrafacial's next generation, connected delivery system that elevates every treatment, making the experience more personalized and seamless for client and provider alike. Though a connected interface, each treatment is logged, onscreen protocol guidance is offered, and touchless gesture control makes for a more hygienic environment. The sleek footprint of the device stands out in any treatment room.
